Program Description

The post-graduate certificate in Project Management is a one-year for-credit post-graduate certificate program for individuals seeking to develop the skills to foresee or predict as many dangers and problems as possible; and to plan, organize and control activities so that the project is completed as successfully as possible in spite of all the risks.

This program will provide you with the theoretical and practical knowledge, skill and techniques to successfully plan, implement, manage, execute and evaluate projects. Our curriculum is closely aligned with the Project Management Institute's (PMI) Project Management Body of Knowledge.

What can I do with a Post-Graduate Certificate in Project Management?

Graduates of this program will have acquired a platform to pursue further academic endeavors and provide them the job roles and opportunities such as Project Managers, Project Coordinators, Project Leaders, Project Scheduler, Project Development Analyst, and project Analyst.

Completion of the program can be used to ladder into Post-graduate Project Management Diploma Program in preparation for writing certification Exams from PMI.

At Canadian Imperial College we are in the business of **opening possibilities** and creating opportunities.
